THROUGH : ~~MARIA VANESSA D. OYZON~~, PhD  
Vice Chancellor for Academic Affairs

SUBJECT : **Launch of the New UVLe**

DATE : **15 December 2025**

---

We are pleased to announce that a newer version of UVLe is now available for everyone to use. It is accessible currently at [bagong-uvle.upd.edu.ph](https://bagong-uvle.upd.edu.ph). This advanced access to the new version of UVLe brings about exciting new features as well as improved UI that will hopefully help in our classes. These changes include, but are not limited to, the following:

- Improvements in overall user experience for both the faculty and students
- Incorporation of an e-portfolio (that can be toggled off) so that students can highlight their accomplishments in their academic life and allowing faculty to evaluate the program learning outcomes that a student may have
- Improved dashboards that is fully customizable
- Removal of the left panel outside of the course view to reduce overall clutter
- And much more.

This new UVLe will become our standard LMS starting the first semester of next school year and the CRS integration will be addressing this new UVLe by the beginning of midyear 2026. Access to the current version of UVLe would still be possible afterwards but most of the paid integrations, such as Turnitin, Zoom, etc. will be moved by midyear.

To facilitate this, we will be holding trainings and updating the UVLe tutorials. Training dates are being finalized and will be published on the current UVLe as well as the ILCD website. These sessions will cover both the methods for transitioning to the newer UVLe and advanced training on the proper use of the gradebook to handle the CRS gradebook integration.

For future reference, we will mention this older version of UVLe as UVLe22 and the newer version of UVLe as UVLe26. Here are several dates to remember:
